

DEBOND-ON-COMMAND

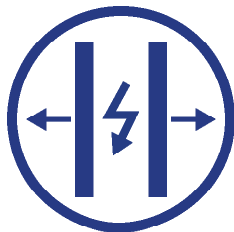

Mounting tape for reliable bonding of recyclable parts

TO PROTECT

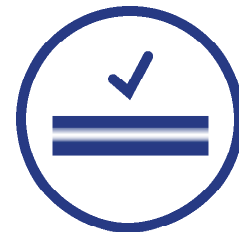

Nitto's Debond-on-Command mounting tape is a reliable bonding solution with debonding function enabling recycling of valuable parts at the end of product life. It enhances the life cycle assessment and contributes to a green future.

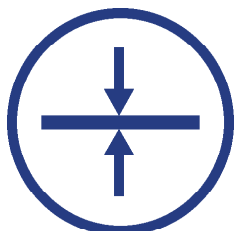

debond-on-command
loss of adhesion upon command

enabling recycling & LCA improvement

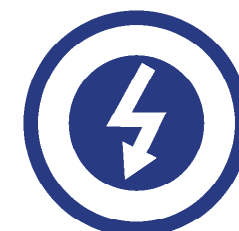

high shear adhesion
> 2 MPa

low thickness
< 100 µm

high thermal conductivity

electrical insulating
3.5 kV
